Mr. Gus Vanech telephoned to state that the Attorney General had talked to him about the Gregory case. Mr. Vanech stated that several months ago, the Attorney General had instructed Vanech to talk to Assistant Secretary Foley who had requested to see the Attorney General to talk about the identity of Treasury Department employees involved in this case.

Vanech stated that in today's talk, Clark apparently had some indication that the Treasury Department was dissatisfied with the action of the Department in the Gregory case. Clark interrogated Vanech as to whether he had seen Foley, what he had told him, etc. Vanech told Clark that upon his instructions several months ago, he had talked to Foley, advised him that some employees or former employees had been "mixed up" in this case and that Foley had demanded to know who the Bureau's informants were and that Vanech had declined to identify the informants, although he advised Foley they were reliable and that their statements had been corroborated.

Vanech told the Attorney General that Foley was hostile and critical but that Vanech had pointed out to him that the Bureau had, very early in the case, furnished to then Secretary of the Treasury Vinson a summarization of the case within a short time after the basic facts had been established. (Our records show that we did furnish a copy of the initial summary in this case to Secretary Vinson on March 4, 1946). Vanech told Foley that this report had subsequently been lost by the Treasury Department. He further told Foley at the time of the interview with him that the case was still under active investigation. Vanech also told the Attorney General that you had talked to Vinson in the Treasury Department direct about this case many months ago, which fact Vanech stated you had informed him about.

Respectfully,

Call: 3:30 P.M.

Date: December 9, 1947

At the above time, while calling in connection with another matter, ASAC Belmont referred to his conversation with me of December 4, wherein he indicated that he had received a call from Nelson Frank of the "World Telegram" relative to the Gregory case. (A copy of my memorandum recording that conversation is attached.) Briefly, the memorandum indicates that the Washington office of "Business Week" wired a brief report to its New York office to the effect that the grand jury hearing the Gregory case was recessing without having uncovered anything sensational. Nelson Frank inquired of the New York office as to whether the "Business Week's" report was true and he was given a no comment answer.

Today Nelson Frank contacted the New York Office and stated that he discussed this matter further with the labor editor of "Business Week," Mr. Mel Pitzele. Frank expressed some doubt to Pitzele relative to the validity of the aforementioned report and, accordingly, Pitzele went back to his Washington office and asked his Washington office to clarify the data contained in its wire of December 4. Pitzele was informed by the Washington office of "Business Week" that it had determined that the grand jury was recessed only temporarily (which is true, as you know, for the grand jury is scheduled to reconvene on January 20). The Washington office reported to Pitzele that Attorney General Tom Clark was the indirect source of their information to the effect that the grand jury was recessing without having uncovered anything sensational. According to Frank, Pitzele indicated that his Washington office received a report from one of its sources who in turn heard information from Attorney General Clark to the effect that the grand jury was recessing without uncovering anything sensational.

HANDLED BY
STOP DESK

Frank and presumably Pitzele could not throw any additional light on this matter and as it now stands the presumption is that the statement may have been made by the Attorney General to someone in the Department who in turn made the statement to a representative of the Washington office of "Business Week."

In the event our contacts are such as to warrant same, it is suggested that you may consider it advisable to ask Mr. Nichols to direct inquiry of "Business Week" for the purpose of determining the original source of their report.

ESPIONAGE - R

At the above time ASAC Belmont of the New York Office telephonically advised that he received a call from Nelson Frank of the "World Telegram" on the afternoon of December 4th relative to the following.

The labor editor of "Business Week" called Nelson Frank to advise that their Washington office had wired a brief report to New York to the effect that the Special Federal Grand Jury is recessing without having uncovered anything sensational (actually the Special Federal Grand Jury recessed December 3, until January 20, 1948). Mr. Frank inquired of the New York Office as to whether the aforementioned report received from the Washington office of "Business Week" were true, and he was advised by Mr. Belmont that the New York Office could make no comment relative to this matter. It was suggested to Mr. Frank that he might be desirous of referring his inquiry to the Department of Justice, inasmuch as prosecution in this matter is being handled by representatives of the Department.

in his office at 12:00 noon. Consequently Special Agent AUBREY S. BRENT and the writer appeared and the interview was instituted at 12:08 p.m. It was terminated at 12:55 p.m. This interview took place in JOSEPH's private office, Room 308, Dupont Circle Building, Connecticut Avenue, Washington, D.C.

JOSEPH was informed that this interview was being conducted under the express instruction of the Attorney General and that it related to an allegation that while employed by the federal government, that is by Social Security Board, War Manpower Commission and the Office of Strategic Services, JOSEPH did furnish information from government files to an unauthorized individual knowing or having reason to believe that this information would reach a foreign power. JOSEPH's reply after a short deliberation was "it's news to me." He added that he had read of security and loyalty investigations being conducted in the United States while he was in London and then explained to interviewing agents that he had just returned from England via the Queen Mary. Continuing he said he would "much rather not answer any questions. I do not want to get fouled up in anything I am not associated with."

At this point JOSEPH was advised of the fact that he did not have to answer any questions propounded to him by the interviewing agents.

Photographs of informant GREGORY and JACOB ~~GOLOS~~ were then displayed to JOSEPH and after examining them he stated that he was not acquainted with either individual. JOSEPH then remarked that he was aware of the job the Bureau had to perform and while he desired to be of assistance, he nevertheless did not "desire to put my foot into anything." It was at this point that JOSEPH stated that he would rather not answer anything until charged. He explained that he had held important positions in the Office of Strategic Services and during such employment had been very scrupulous to abide by its security regulations. He emphasized that he had been very careful to follow security regulations.

JOSEPH was then asked if he is a member of the Communist Party or ever has been. He replied that he did not desire to answer the question.

JOSEPH admitted acquaintance with ALLAN R. ROSENBERG, MAURICE HALPERIN, DAVID R. WAHL and PHILIP DUNAWAY. He said he had met each of these individuals in conjunction with his duties with OSS and that their acquaintance was both official and social. JOSEPH stated that he was casually acquainted with MARY JANE KEENEY and believed that this acquaintance was established at the Library of Congress where her husband, PHILIP OLIN KEENEY, was employed.

In regard to JUST LUNNING, JOSEPH stated he was casually acquainted with him and had met him at OSS. JOSEPH admitted acquaintance with KATHERINE ~~SHRYVER~~, saying that he knew her through the latter's husband. JOSEPH said he is acquainted with JEANETTE ~~GILLERMAN~~, having met her at the Foreign Economic Administration and volunteered that she had been his companion socially.

JOSEPH was asked if he had been a speaker at the first session of a forum sponsored by the "Science and Society Magazine" on November 18, 1942. It was pointed out that among the other speakers was EARL ~~BROWDER~~. He readily admitted making a speech as a representative of the planning division of the War Manpower Commission and said he was delegated to substitute for Professor WILLIAM ~~HABER~~, the director of the planning division. He explained that the title of his talk was "Manpower Mobilization" and that this speech had cleared through PAUL V. ~~MC NUTT~~ and MC NUTT's assistant and that he, JOSEPH, merely read this speech at the gathering which he believes was at the Hotel Astor, New York City.

JOSEPH was then asked if he had signed the 1940 Communist Party nominating petition in the city of New York. He replied in the negative and added that he had never signed a Communist Party nominating petition.

JOSEPH was asked if he had resided at 76-36 113th Street, Forest Hills, Long Island. He replied that he had resided in Forest Hills but he was unable to recall the exact address, but that if the foregoing address were obtained from employment files, it was the correct one. JOSEPH stated that his Washington address is 2321 Lincoln Road, NE. He added that this address was in a new development when he moved to that vicinity and that it in fact had not been completed at that time.

Repeated attempts were made to reason with JOSEPH to discuss the allegation that he had furnished information from government files to an unauthorized individual but he steadfastly refused to allow the matter to be discussed. It was diligently explained that he was being afforded an opportunity to discuss the allegation but he stated he did not wish to discuss the matter in any way. In this regard JOSEPH repeatedly made reference to the fact that he considered himself to be a loyal American citizen with a war record of which he was quite proud and added that in particular he was proud of a certain commendation he had received. He said that he was aware of the loyalty program instigated in the federal government and was in favor of it and believed it quite necessary but he, himself, did not desire, and in fact would not, answer any specific questions put to him regarding any disloyal action on his part. He reiterated that he would answer specific questions if he were formally charged.

WFO 100-17493

In regard to his marital status, JOSEPH stated that his wife, BELLA MIRIAM JOSEPH, is presently obtaining a divorce in Las Vegas, Nevada, and previously a Mexican divorce had been obtained in 1945. JOSEPH said he corresponds with his wife about once a year and she is presently employed in Los Angeles, California, in the movie industry.

In this regard it is interesting to note that the report of Special Agent M. DONALD ALDRICH at Los Angeles, California, dated August 4, 1947, reflects background information concerning BELLA JOSEPH, Apartment 5, 1352 North Havenhurst Drive, Los Angeles, California, who is a known correspondent of MAYNARD GERTLER. It was indicated that names on the mail box of this apartment were listed as L. PARKS and B. JOSEPH. L. PARKS is SAM KLUSMAN LAWRENCE PARKS, a movie actor.

At the close of the interview it was reiterated that JOSEPH should understand he had been under no obligation to answer any of the questions propounded to him, and he replied that was his understanding and he considered agents conduct to be very fair.

When I attempted to contact General Lowell W. Rooks, Director General of UNRRA, to advise of your inability to see him, as a result of his call to your office on December 3rd, I ultimately was placed in touch with Mr. Chait, General Counsel of UNRRA. He came to my office on December 4th and stated that General Rooks desired to discuss with you a situation with reference to a security problem of UNRRA. Chait stated that the security problem with an international organization like UNRRA was considerably different from that involved in a government agency and that the basic standard which was applied as a security test was whether a person was engaged in activities detrimental or antagonistic to his own government. He stated that General Rooks had learned that one of their high officials, Julius J. Joseph, was the subject of a Bureau investigation and that Agents Leonard, Payne and Jones in the past had made inquiry concerning Joseph and his activities. Joseph, according to Mr. Chait, had recently been in New York apparently in connection with some court proceeding. According to Chait, General Rooks desired to determine what this situation was all about, particularly to determine whether there might be something "great" involving Julius J. Joseph which would reflect unfavorably upon UNRRA because of Joseph's employment there.

By way of background, it will be recalled that Joseph is one of the subjects in the Gregory Case [REDACTED]

[REDACTED] Joseph was formerly employed by the Social Security Board, later was drafted into the Army, was assigned to the Office of Strategic Services in the Japanese Division, and according to Informant Gregory furnished information from the Office of Strategic Services to Informant Gregory.

I first advised Mr. Chait that the Bureau did not conduct investigation of representatives of international organizations, including UNRRA, without specific approval from the State Department in individual cases. I told him that in so far as Joseph was concerned, he had been the subject of an investigation being conducted by the Bureau over a period of several years, which investigation apparently antedated his employment by UNRRA. Mr. Chait was informed that the policy involved in the handling of this investigation was made at a very high level and that the Bureau

had furnished copies of its report in this case only to a few Cabinet officers, including the Secretary of State. He was informed that the case was one which is presently being considered by a grand jury in New York and that obviously the Bureau could not discuss the facts or predict the possible outcome of the grand jury action. It was suggested to him, however, that General Rooks might, if he so desired, take this matter up with the State Department, since they were in possession of reports submitted in the case, and it would be up to them to determine what, if anything, they wanted to do about furnishing information to UNRRA relating to Joseph.

On the morning of December 5th, Assistant Secretary of State J. J. Peurifoy called me. He stated that General Rooks had been in touch with him concerning Julius Joseph and had indicated that the FBI had stated that the Department of State would furnish UNRRA with complete information concerning this case. I told Mr. Peurifoy this was not true but that the Bureau had suggested to Mr. Chait of General Rooks' staff that UNRRA might desire to take this situation and their problem up with the State Department. Mr. Peurifoy wanted to know whether, in the Bureau's opinion, the facts should be furnished to UNRRA and I told him the Bureau's official position in this matter would be to defer to the State Department's judgment, that is, that the Bureau could not and would not tell him whether he should or should not discuss the case with General Rooks. It was pointed out to Mr. Peurifoy that copies of the summary memorandum in this case had been furnished to the State Department and that the State Department undoubtedly knows this case is being presented to a grand jury in New York and that the ultimate finding of the grand jury is so much a matter of conjecture that certainly the Bureau cannot anticipate what it will be. Peurifoy stated he knew all of the facts in the case generally and that he had the information concerning Julius Joseph Joseph. He stated he would give further study to this situation to determine whether he should advise General Rooks of some of the facts in the case. I pointed out to him that the magazine "Plain Talk" contained some information about this case in the current issue.

Jury's Red Findings Delayed

Report on Spies Requires More Time to Hear Additional Witnesses.

The Federal Grand Jury, which has been in session here since July hearing witnesses regarding a Communist espionage ring operating inside the Government, has recessed until after January 1, The New York Sun learned today.

Reports that the jury was about to make known its findings stemmed from the current recess, which was called to allow more time for the appearance of additional witnesses. So far, it is understood, more than 100 individuals have appeared before the New York Grand Jury. Several needed to complete the investigation were not available when called, resulting in the delay. It is expected that those the Grand Jury is anxious to interrogate will be on hand when the recess terminates.

T. J. Donegan, an FBI agent who was appointed a special assistant to the Department of Justice for the purpose, is presenting the case to the jury. He is assisted by Vincent Quinn, a Department of Justice aid. The inquiry, which has the Communists in the United States in a state of jumpiness, involves several Red cells, the original of which began operations in the Agriculture Adjustment Administration in 1934-35. Offshoots of this undercover movement filtered into State, Treasury and some military departments. The FBI has been investigating the Communist ring for the past five years at least, only recently turning the results over to Attorney-General Tom Clark for action. Former Treasury Department aids are the most heavily involved, according to reports.

Woman Gave First Tip.

The initial break in the investigation leading to the current Grand Jury action, occurred when

diagruntled Communists, realizing that they were aiding Soviet agents, out of shame or fright became informers. The FBI, acting on information furnished by a woman who became alarmed at the role she was playing in the Red espionage game, started gathering data on the ring. At present, Government officials state without qualification that the Grand Jury action, whether in the form of indictments or a presentment, will be the largest action of its kind in United States history and that it will blow the lid off of Washington.

The FBI informant, a well-educated woman, according to reports, was used as a runner carrying microfilmed data for the Communists to New York from Washington every weekend prior to and during part of the war. She is said to be of foreign birth, and is believed to have swallowed the propaganda put out by the Red Fascists as a result of contacts with foreign-born groups operating in the United States on behalf of the Kremlin. The Communists obtained vital documents from the State Department on pending foreign policy, as well as data on minerals, atomic energy progress, aircraft production, etc., which was photographed and taken to a headquarters in New York.

In Washington the Red ring operated first in a beauty parlor, later from a drug store, used as a "drop" and finally from the basement rooms of a private residence, a favorite hangout for Communists. Not unlike the Canadian spy case, the Red ring in Washington was masterminded by local commissars, appointed by Communist leaders in New York. The leadership changed from year to year, but the Red

infiltration and espionage continued unabated. Some agents were especially active in the field of finance, on an international level.

Several well-known Communists have been questioned concerning the program of infiltrating comrades into the Government service.

Reds Are Worried.

There is no doubt that by this time the party is fully aware of what is going on before the Grand Jury, since there are ample indications that the Red high command is worried. In party publications the comrades are already screaming about their loss of civil rights and their innocence, without, as yet, having been charged. The recent reiteration on the part of the Attorney-General that the Communists are subversive has not helped their jitters. Now, without hesitation, Federal agencies have the precedent set for the immediate discharge of known Reds from the Government pay roll.

Despite reports of the pending Grand Jury action and despite the efforts of Congress and the White House, numerous Reds still linger on as guests of United States taxpayers. In one or two cases it is known that individuals remain as Government employees despite the fact that they have backgrounds which have aroused more than casual FBI interest. The actual painful part of the proceedings for the Communists is the knowledge that at least one segment of their carefully laid plans to infiltrate throughout the Government has come a cropper. The current Grand Jury action is expected to be merely the kickoff of a thorough house cleaning of the Red subversives.

At the above time, while calling in connection with another matter, ASAC Belmont advised that there is a very lengthy article appearing on the front page of today's "New York Sun" relative to the Gregory case. Further, it was pointed out that the "red findings (of the grand jury) are delayed." In substance, the article states that the case which has been under the consideration of the grand jury in New York for some time was actually being investigated for some five years; that the initial break leading to grand jury action occurred when disgruntled Communists, realizing they were aiding Soviet agents, out of shame or fright, became informers. The article continues by relating that "the FBI, acting on information furnished by a woman who became alarmed at the role she was playing in the red espionage game, started gathering data on the ring." The article further stated, "The FBI informant, a well educated woman, according to reports was used as a runner carrying microfilmed data for Communists to New York from Washington every weekend prior to and during part of the war. She is said to be of foreign birth and is believed to have swallowed the propaganda put out by the red fascists as a result of contact with foreign-born groups operating in the United States on behalf of the Kremlin." In one segment of the article it was indicated that members of the ring operated "from a basement room in a private residence in Washington, D. C." Mr. Belmont indicated that the article is of considerable length; that it is somewhat detailed; and that it is accurate in many respects.

You will recall that from day to day more detailed and more accurate information is leaking out regarding the grand jury proceedings in the Gregory case. The information reported in today's issue in the "Sun" is the most accurate data reported yet, and it is quite clear that such data would have to come either from the Department or from members of the grand jury. The assumption is that someone in the Department is giving this information out although it is quite possible that a member of the grand jury is giving it out.

With respect to the article in the "New York Sun" and other recent articles on the grand jury, Mr. Belmont advised that our informant, Gregory, is of course reading these articles and that as a consequence she is "getting the jitters" and is solicitous for her general welfare.

I want to call to your attention and to the attention of Mr. T. Vincent Quinn, an article that appeared in the December 9, 1947 issue of the "New York Sun", entitled "Jury's Red Findings Delayed", a photostatic copy of which is attached hereto for your information.

The accuracy of some portions of this article would indicate that the information is being furnished to the press by one of the Grand Jurors. In view of this and other articles which have appeared in the press recently, I desire to know if you want an investigation conducted by the Bureau to establish if there is in fact a Grand Jury leak in order that such leak could appropriately be brought to the attention of the court.

INTERNAL SECURITY - R

For your information and assistance in this case, you are advised that the Department of Justice through the Immigration and Naturalization Service is presently considering the possibility of deporting Belfand apparently on the theory that when he entered this country in 1940, he was a member of the Communist Party in the Soviet Union.

[REDACTED] (S)(u)

[REDACTED] (S)(u)

Reference is made to Bureau memorandum to your office dated October 30, 1947, advising that informant Gregory stated that when Belfand arrived in this country her superior Golan placed Belfand under surveillance and determined that he left the dock in Hoboken, New Jersey, in an auto mobile belonging to a dentist from Brooklyn, New York. Reference was made pointed out that this dentist might be identical with the unknown "Charlie" in the Gregory Case and you were instructed to question Belfand regarding the identity of the dentist. (S)(u)

Previous information in the Bureau files indicates that Golan apparently had Belfand under surveillance for the purpose of liquidating him. However, the possibility exists that Belfand entered this country on definite instructions from the Soviet Government and Golan may only have placed him under surveillance in order to determine if Belfand was following instructions. This assumption would be strengthened if it is later determined that the dentist who met Belfand at the dock in Hoboken is actually identical with the unknown "Charlie", above-mentioned. (S)(u)

SPY PLOT LAID TO U.S. AIDES

Counterpart of Canadian Trial Due in New York

By David Sentner
 N. Y. Journal-American Washington Bureau
 WASHINGTON, Oct. 11.—The companion piece of the Canadian spy ring is due to explode on the American scene within a few weeks.

It involves a steady flow of the innermost U. S. security secrets to the Soviet Union—delivered by Communist-minded bureaucrats. Its effects are scheduled to create gigantic political reverberations.

Primarily, it will provide one more grim and startling lesson on the depth of Soviet intrigue and the presence of a pro-Soviet clique in the heart of the American machinery of government.

SOVIET PLOT CHARGED.

The Stage: The Federal Grand Jury in New York City.

The Script: Consideration of evidence against 60 American Government officials—mostly now out of service—that they willfully supplied confidential information relating to the security of the United States to a foreign power. It included atomic energy data.

The foreign power, of course, is Soviet Russia.

INDICTMENTS FOUND.

Our indictments were reported today to have already been found by the New York Grand Jury. A total of 20 indictments is expected.

The penalty calls for five years imprisonment and \$5,000 fine.

Officials concerned were formerly employed during the war in the Treasury, State and Commerce Departments, the Office of Strategic Services, the Office of War Information and in the administration of occupied Germany.

Several have been labeled members of the Communist party.

Others are believed to have been actual Soviet agents.

A major figure is a top-ranking official in the Treasury Department.

Reference is made to your memorandum to Mr. Ladd dated December 6, 1947, which referred to a telephone call from ASAC Belmont in New York on that date wherein Belmont advised that Louis Budenz had received a letter from Elizabeth Bentley (Informant Gregory) wherein Bentley indicated that she would like to talk to Budenz concerning their mutual friend, Helen Johns.

Mr. Belmont pointed out that Budenz does not know that Bentley is the Bureau's informant and Budenz does not know that Bentley is actually identical with Helen Johns, according to information appearing in the Bureau's files. Belmont stated that the New York Office would advise Budenz to refrain from seeing Bentley until after the Grand Jury hearing in the Gregory case is terminated.

The Bureau files reflect that during an interview had with Gregory by the New York Office on December 17, 1945, Gregory recalled that she had used the name of Helen Johns when contacting Louis Budenz and Robert Talbott Miller III. In connection with her using this name in contacting Budenz she remarked that Budenz had somewhat of a poor memory and that when she would call him on the phone she would inform him that "Helen" was calling and Budenz found it difficult to recognize her. In view of this fact and the fact that Budenz apparently knew Golos as "John", Gregory identified herself to Budenz as Helen Johns. (65-56402-249)

It is recommended that no efforts be made by the New York Office to have Budenz arrange a meeting with Gregory since it does not appear that such a meeting would be productive. At the above time ASAC Belmont called and advised that Louis Budenz has indicated to the New York Office that under date of December 6, 1947, a letter was directed to him by Elizab~~eth~~ Bentley (Gregory) wherein Bentley indicated that she would like to talk to Budenz concerning their mutual friend, Helen Johns.

In the light of the pending Grand Jury hearing in this case, Mr. Belmont stated there is some question as to whether Budenz should see Bentley now and Belmont recommended that Budenz not see Bentley until the Grand Jury is terminated.

Grand Jury is terminated.

Mr. Belmont went on to advise that Budenz thinks that Bentley is hostile to the Bureau; Budenz does not know that Bentley is our informant and Budenz does not know that Bentley is actually identical with Helen Johns according to information appearing in our files.

The New York

Mr. Belmont stated in line with the foregoing, the New York Office would advise Budenz to refrain from seeing Bentley at this time, indicating to her that he is now busy and, accordingly, Budenz will endeavor to stall a meeting with Bentley until after the Grand Jury hearing in the Gregory case is terminated.

Our files are currently being checked with respect to the foregoing in an endeavor to ascertain therefrom if possible the reasons why Bentley would be interested in talking to Budenz, particularly since it is my recollection that Bentley is actually Helen Johns. The results of the spot check will be called to your attention in the event it is felt desirable for Budenz to see Bentley at this time.

This is to advise that Mr. M. L. Harney of the Treasury Department telephonically contacted me on December 17th and advised that Solomon Adler, who was formerly in China for the Treasury Department, is now back in Washington, D. C. He stated that he understood that the FBI was interested in Adler from a "loyalty" standpoint and that he wanted to advise the Bureau that Adler would probably be a subject of disciplinary action by the Treasury Department some time in the near future.

It was ascertained that there was no pending loyalty case on Adler. However, he is a principal subject in the Gregory Case.

RECOMMENDATION:

It is recommended that this matter be referred to the Internal Security Section for its attention.

Dear Admiral Thomas B. Inglis
Chief of Naval Intelligence
Department of the Navy
Washington 25, D. C.

RECORDED 65-56402-3016

Dear Admiral Inglis:

I refer to your letter of December 3, 1947, concerning the investigation involving Stephen Brunauer and certain other cases. With reference to the Brunauer Case, I should like to advise that he was investigated under the Atomic Energy Act because of a request received from the Atomic Energy Commission on March 19, 1947. This investigation was completed and the results, together with data previously obtained, were furnished to the Atomic Energy Commission. Copies of the reports reflecting the results of the investigation were also furnished to the Navy. The Atomic Energy Commission has advised that since this investigation Brunauer has not been granted any access to restricted data within the meaning of the Atomic Energy Act.

I should like to point out that if the investigation of Brunauer had been continued by this Bureau on completion of the Atomic Energy Act investigation, it would have involved a violation of the Delimitation Agreement in that Brunauer was a civilian employee of the Department of the Navy. The information we had, as noted, was provided to you for such action as you might deem advisable. This action, of course, antedated the new procedure recently established under the President's Executive Order on Loyalty of Government Employees. I must point out further that information furnished us periodically has indicated that investigation of Brunauer was actively being conducted by the Department of the Navy.

With reference to Esther Brunauer, all information concerning her was furnished to the Department of State as it was received by the Bureau. The request for investigation of her was not, however, received by the Bureau from the Department of State until December 5th and, consequently, this investigation is now being initiated.

The following developments concerning Confidential Informant GREGORY are being set out hereinafter so that the Bureau and Washington Field may be cognizant of her present situation and attitude.

On November 20, 1947, the informant telephonically inquired of SA Joseph M. Kelly as to the possible termination date of the Grand Jury hearing the facts in instant matter. She also inquired on this occasion as to the action probably to be taken by the Grand Jury in the nature of an indictment or a no bill, and was informed no statement on the possible outcome of the Grand Jury proceedings could be made by SA Kelly. It was also pointed out to her that no concluding date for the Grand Jury hearing had been mentioned, and accordingly, no definite information was available on that point. The informant then reiterated her dislike for her present position with PACIFIC MOLASSES LTD., with which concern she has a clerical job, and she mentioned a desire to secure new employment, possibly with the United States Government doing Intelligence work.

On November 24, 1947, the informant made the same telephonic inquiries and the same replies were given to her. She again mentioned her dislike for her present employment and asked numerous questions about the possibility of her securing a position with CIG. She declared she realized this Bureau investigates applicants for that Agency and wondered what action the Bureau would take with respect to her in the event she did make application with that organization. She was informed by SA Kelly that he had no information about CIG's personnel situation or the procedure to be followed in making application. She requested that, if possible, some data along these lines be secured and furnished to her. It was pointed out to her that it would seem inadvisable at this time, at least, for her to take any steps looking towards employment by CIG or any other Governmental agency, but that inasmuch as the Grand Jury hearing the facts in instant matter was still in session, it would seem more propitious for her to delay any such action.

Informant then mentioned that she was considering writing a book covering her experiences in Russian espionage and Communist Underground work and asked what the Bureau's wishes were in this respect. No direct answer was given to her on this query, but the subject was briefly discussed and it was pointed out to her that for her own protection, it would seem inadvisable at this time, at least until the Grand Jury has concluded its

hearings, for her to embark on a writing career.

In two recent conversations with SA Thomas G. Spencer, GREGORY has mentioned that someone is apparently harassing her by telephone. She contends that the telephone in her hotel room often rings but no one is on the line when she answers. She declares that this procedure is a familiar one to her inasmuch as she recalls that some of her former Party associates used this device to harass certain individuals who were out of favor. After some discussion, she agreed that as a practical matter it was impossible to check the source of such calls, and she now states she regards the incident as a closed matter.

On December 2, 1947, SA Kelly conferred personally with GREGORY and there was a general discussion of the matters described above. She expressed some apprehension for her personal safety but pointed out that no threats of any kind have been received by her, directly or indirectly. She stated from her knowledge of the operations of the Party, the local headquarters must know definitely that she has furnished information against them and Russian agents and that it was problematical in her mind that this action on her part would not invite reprisals.

She again mentioned her intense dislike for her present employment and asked whether there were any objections to her contacting LOUIS BUDENZ to secure his advice concerning her idea of writing a book. She said she had not yet definitely decided to attempt to reach BUDENZ, but in the event she did come to such a decision, she would notify SA Spencer or SA Kelly before making the contact. It is to be noted that on the following day BUDENZ advised SA William J. McCarthy that he had received that morning a Special Delivery letter from ELIZABETH BENTLEY indicating a desire for a conversation with him to talk, among other things, about their mutual friend, "HELEN JOHNS." This latter name was of course the one used by GREGORY in her contacts with BUDENZ. The Bureau was advised of this development and BUDENZ was instructed to reply that due to out of town commitments and the approaching holiday season, he would be unable to see her for some time.

GREGORY was advised on this occasion that the Grand Jury had recessed until 1948, and although she was somewhat disturbed by this delay, she indicated that she would retain her present position until the Grand Jury completes its hearings and the situation, so far as she was concerned, is clarified.

Reference is made to the attached memorandum from Mr. R. W. Wall to you dated December 17, 1947.

In this memorandum it was stated that Mr. Wilson of ONI requested to be advised whether or not any individual coming within the purview of ONI's investigative jurisdiction was listed among any of those individuals on whom evidence was presented at the secret Grand Jury hearing in New York in connection with the above case.

[REDACTED] is the case of William Walter Remington, who, you will recall, is a subject in this case and who was a Naval Reserve Officer until April, 1947. The information on Remington has already been made available to the Navy and they have acted upon it.

ACTION

ENCL It is recommended that Mr. Wilson of ONI be advised that the Bureau does not have any knowledge of the evidence that has been presented to the Grand Jury in New York, since such information is confidential.

It is further recommended that Mr. Wilson be advised that the only Naval interest resulting from the investigation of this case was that of Remington and that the Navy has been furnished with the information on him.

ASAC Belmont of the New York Office called at the above time. He advised that former Agent Tom Donegan informed him earlier today that he received a call from former Agent Jerry Doyle who is now with the law firm of Cahill, Gordon, et al. Doyle advised Donegan "casually" that Nelson Frank, a reporter for the "World Telegram," had approached a client of Doyle's law firm with an offer to sell the client information relative to Communist activities. Doyle told Donegan that Nelson Frank indicated that a portion of the information which he would furnish to the client related to the present Gregory grand jury investigation and to what the jury is doing now and to what the grand jury is going to do. He advised that his client's name is Coan (phonetic) and that Coan is identified with the moving picture industry and is interested in making a picture relating to Communist activities.

Mr. Belmont advised that prior to receiving this information from Donegan that SA Richard Doyle of the New York Office, who is a brother of former Agent Jerry ~~X~~ Doyle, had contacted Belmont on this point; that he had merely relayed rather nebulous information as supplied by his brother Jerry. He did not identify the client. At this point, Mr. Belmont observed to Agent Richard Doyle the possibility of criminal prosecution ensuing with respect to the publishing of information concerning what the current grand jury is doing or going to do. Agent Richard Doyle furnished this information to his brother and then instead of contacting Belmont, Jerry Doyle casually informed Donegan of it in an apparent effort to "clear his skirts" and "get on record."

In furnishing the aforementioned data Mr. Donegan asked the New York Office to have two Agents contact Nelson Frank immediately. He requested that these Agents confront Frank with this information and ask him if it is true and he advised that if Frank refused to talk he would discuss the matter with Mr. T. Vincent Quinn and pull Frank before the grand jury immediately. Mr. Donegan advised that he had absolutely no objection to the interviewing Agents informing Mr. Frank that this information came to Mr. Donegan through Mr. Jerome Doyle. Mr. Belmont advised Donegan the matter would be referred to the Bureau for an opinion.

Mr. Belmont recommends that we handle the matter in the manner requested by Donegan. He observes that Nelson Frank's relations with the New York Office have been good, ^{but} he does have ~~some~~ ^{great} information on Communist

activities and that he has supplied such information to the New York Office in the past. Belmont observed that there is a distinct possibility that the data concerning the grand jury information may be rumor and nothing more.

g. l.
I agree with Mr. Belmont's recommendation and if you are in agreement, it is suggested that Belmont be telephonically authorized immediately to have two competent Agents contact Mr. Frank and advise him that the inquiry is being made upon the instructions of Mr. Donegan; that Donegan has been advised by Doyle that one of his clients, namely, a Mr. Coan (phonetic), has been approached by Frank who has endeavored to sell him information concerning Communist activities, including information regarding the current and future activities of the grand jury.

OBSERVATION:

It is apparent that in a "casual" way Jerry Doyle is actually endeavoring to get on the record both with the U. S. Attorney's Office and with the Bureau and I think his hand should be called immediately.

ADDENDUM:

Mr. Donegan indicated that he would appreciate being advised on this today if possible and he also advised that there was some indication that the Bureau was aware of the identity of Mr. Coan (phonetic), and that he may have earlier contacted the Bureau with respect to his proposal to make a moving picture with respect to Communist activities.

Reference is made to the attached memorandum from Mr. Coyne to me dated February 9, 1948, which advised that former Special Agent Jerry Doyle recently told Mr. T. J. Donegan that Nelson Frank, a reporter for the "New York World Telegram", had approached a client of Doyle's law firm with an offer to sell the client information relative to Communist activities. A portion of the information which would be furnished to the client, according to Doyle, would relate to the present Grand Jury investigation in the Gregory case. The information would include what the Grand Jury is doing now and what future action it will take. Doyle stated his client's name is Coan, (phonetic), who is identified with the moving picture industry.

Mr. Donegan requested the New York Office to have two Agents interview Nelson Frank and confront him with the above information.

It was recommended and you agreed that Agents of the New York Office should interview Nelson Frank. Nelson Frank was interviewed on February 11, 1948, at the New York Office, at which time he was informed that the Bureau had information that he had offered to sell to a motion picture producer certain facts relating to the action of a federal grand jury sitting in New York City reportedly hearing evidence on Communist matters. Mr. Frank stated that he had, in fact, participated in a discussion of that nature and furnished the following details.

Mr. Frank stated that on February 5, 1948, an individual named Ralph Cohn had telephonically communicated with Fred Woltman, Nelson Frank's colleague on the staff of the "New York World Telegram". Cohn informed Woltman that he was interested in producing a movie on Communism and desired to discuss the matter with Woltman. Woltman told Cohn that he was not interested but that his assistant, Nelson Frank, might desire to participate and it was agreed that Frank would contact Cohn at the latter's office in order that a meeting could be arranged. Thereafter on February 6, 1948, Frank said he telephoned Cohn and made an appointment to see him at Cohn's office that afternoon. Frank said that he had checked the morgue at the "World Telegram" and had learned that Ralph Cohn was noted in clippings to be associated in movie producing with Mary Pickford and Buddy Rogers.

On the afternoon of February 6, 1948, Frank conferred for about an hour with Cohn and Cohn's assistant, Jules Bricken. He said that

Cohn told him that he and Bricken were anxious to produce a movie on Communism which would not be strictly a documentary production but would be a factual treatment of actual incidents. Nelson Frank, among other things, mentioned that the grand jury sitting in New York might be the basis for a good movie. Frank declared that his mention of the grand jury did not seem to make any particular impression upon Cohn and Bricken nor did they exhibit any curiosity about it.

Nelson Frank told Cohn and Bricken that he felt he was an expert on Communism and that if he participated in the proposed production he expected to be compensated for any work he might perform on the project. They replied that they were prepared to pay him \$100 for his work. Frank told him in no uncertain terms that this figure was preposterous and that he felt that his work would be worth "in the thousands". Frank said that the men seemed interested and desired to have another talk with him about the project. Arrangements were made to have another meeting on February 9, 1948, but Frank subsequently told Bricken that he definitely was not interested in any present or future participation along such lines as they suggested.

Frank said that during his conversation with Cohn and Bricken they mentioned that they discussed their project with a number of prominent individuals including the Director of the FBI, the Attorney General, General William J. Donovan and Philip Haberman, counsel for the Rapp-Corde Committee investigating Communism in the New York public schools. Nelson Frank was asked what his aims and action would have been if Cohn and Bricken had indicated particular interest in the possibility of doing a movie on the subject matter being presented to the New York Federal Grand Jury. He immediately answered by stating that there has been a considerable number of stories in various newspapers and magazines concerning the New York grand jury all of which he has read and he believes that he has a fairly accurate picture of its activities. In addition, he had picked up a few "odds and ends" from his own source, the total of which might be worked up into a suitable screen story. He said his sources were confidential but at the same time so much has appeared in the press that it would not take a great deal of additional data plus his own knowledge of Communism and its personalities to prepare a good screen story. Frank said he made it clear to Cohn and Bricken that if the project materialized he planned to give them enough in order that they might register the plot so they would be protected against other producers who might use the grand jury story for a movie.

Frank emphasized that he would take no active part in the preparation of material for the picture until the grand jury had concluded

*No such discussions were
had with me. I wish there was
some way to stop the promiscuous
use of my name.*

its sessions and had taken its final action.

Frank mentioned that he and Woltman had on many occasions in the past developed information which would be the source of good news stories but have refrained from using it because it involved subjects of pending Bureau investigations and its publicity might prejudice the Bureau's inquiries. Frank volunteered that he had done one story on the grand jury only after other stories had appeared in other publications and he realized that in the face of subsequent occurrences his story was not at all factually accurate.

The interview with Frank was on a very cordial basis and it is not believed that he resented being questioned about the above situation.

ASAC Belmont telephonically advised Inspector Leo Laughlin on February 11, 1948, that he would call this to the attention of, Assistant Attorney General T. Vincent Quinn with whom he had a scheduled conference on that date.

OBSERVATION:

In connection with the above-reported grand jury leaks, you may recall that recently the Department authorized the Bureau to conduct a full discreet investigation in order to determine the source of any grand jury leaks in connection with the New York grand jury. However, before this investigation was begun by the New York Office, a conference was held between SAC Scheidt, ASAC Belmont, USA McGohey and Judge Knox. The Judge advised that he did not desire any investigation to be conducted of the grand jury as a whole or of any individual member thereof. This decision was brought to the attention of the Department and no further Departmental instructions have been received.

The foregoing is for your information.

Reference is made to numerous articles which have appeared recently in the press and magazines concerning evidence that is being presented to the Grand Jury, currently in session in New York City in connection with this case. Particular reference is made to an article that appeared in the December 9, 1947 issue of the "New York Sun" entitled, "Jury's Red Findings Delayed."

It appears that from some of the statements made in this article, and some other articles published, that someone close to the Grand Jury or one of the Grand Jurors is causing information to be leaked to the press.

Mr. E. Vincent Quinn, Assistant Attorney General, in charge of the Criminal Division, has requested that this Bureau conduct a complete investigation in order to determine the origin of such a leak. He has further requested that this investigation be instituted immediately and expeditiously.

Your Office should immediately conduct this investigation in the nature of a discreet inquiry through available sources and you should exert every effort and precaution to conduct this inquiry so that the Bureau will not be criticized or find itself in the position of investigating the Grand Jury while it is in session. It is desired that you discuss this with the United States Attorney and have him take the matter up with the Federal Judge to secure his approval for this discreet inquiry prior to instituting the investigation. Consideration should be given to the possibility that information is being made available to outside sources through one of the Grand Jurors or someone connected with the Office of the United States Attorney in New York City.

In view of the delicacy of this matter, it is desired that you follow this investigation closely and afford it your personal attention. Any pertinent developments should, of course, be called to the Bureau's attention immediately by teletype or telephone.

Communications and reports should bear the caption as set out above.

Allegations of Informant Gregory

Informant has advised sometime in July or August, 1942, JACOB ~~GOLOS~~ advised informant to go to Washington, D. C., and make contact with one JULIUS J. JOSEPH who at that time was employed by the Social Security Board. From conversations with GOLOS, informant recalled sometime previous JOSEPH had made contact with Communist Party headquarters at New York City who apparently recognized his potentialities and informed GOLOS of his identity.

Consequently GOLOS gave informant the residence address of JOSEPH in Washington, D. C., which informant recalls to have been in the northeast section of Washington. Informant recalled further this address was located in a new development.

Informant was told by GOLOS to memorize a number which was explained by him as being the serial number of a one dollar bill, and when informant arrived at the JOSEPH residence, informant was to recite the number of this bill and inform JOSEPH informant was from New York City.

At about this time Gregory came to Washington, D. C., and met JOSEPH and his wife in their apartment. Informant recalled it was a very hot day, and JOSEPH was dressed in a polo shirt and slacks. Informant advised he was extremely nervous during the initial part of this interview, but after informant recited the serial number of the dollar bill and talked with him, he then discussed his position with the Social Security Board and the type of material he would be able to furnish. Apparently JOSEPH had been expecting informant for several months because he had a fairly large amount of material awaiting informant.

Gregory recalled this information concerned material which would be of value to individuals interested in labor matters, particularly labor relations. Informant recalled GOLOS was not particularly enthused over the type of information JOSEPH was supplying but realized the value it would be to the Communist Party activities in the labor movement.

Gregory after this initial meeting continued to see JOSEPH at regular two-week intervals on informant's trips to Washington, and practically all of the meetings were with him at his residence. However, informant recalled on several occasions meeting him at Whalen's Drug Store located at 9th and F Streets and also had lunch or dinner with him on two or three occasions at a Chinese restaurant located at 9th and G Streets.

JOSEPH was transferred to New York City just before Christmas, 1942, and upon his return Gregory furnished him her Barrow Street telephone

96

number. Thereafter approximately twice a month he would telephone and advise he had some material ready. From December, 1942, until the spring of 1943 Gregory met JOSEPH at a drugstore on the corner of Lexington Avenue and 30th Street. In connection with JOSEPH's transfer to New York City, Gregory recalled definitely just before Christmas, 1942, informant sent him a basket of fruit as a Christmas present to his residence in Forest Hills, Long Island.

In the early spring of 1943 according to informant JOSEPH was again transferred to Washington and after a short period of time was transferred to the War Manpower Commission. After this transfer, informant continued to see him in Washington at two-week intervals at which time he passed information on to informant. This relation continued until the latter part of 1943 when JOSEPH was inducted into the U. S. Army.

In connection with JOSEPH's entry into the armed services, Gregory informed him he should make every effort to be assigned to some branch of the OSS. As a matter of fact, JOSEPH was assigned to OSS and thereafter remained in Washington, D. C. Gregory continued to see JOSEPH at his home at regular intervals at which time he turned over material he had access to in his position at OSS. It is believed informant met JOSEPH at Whalen's Drug Store, 9th and F Streets, during his employment with OSS.

According to Gregory, JOSEPH was assigned to the Japanese Division of OSS and worked at the Library of Congress. He had access to information relating to the Russian Division of OSS and was able to furnish some information along that line.

After approximately one week had elapsed, Gregory recalled JOSEPH was summoned to a conference of OSS officials where he was told there had previously been some suspicion regarding him. However, it had been ascertained he had been confused with some other individual by the same name and thereafter he was to enjoy considerably more confidence. After this conference, JOSEPH was able to supply Gregory with more material relating to the work of Japanese and Russian divisions of OSS. It was informant's recollection he had made available written reports which were carbon copies of actual reports although informant was unable to state positively if there were any labels indicating they were confidential, restricted, or secret.

During the time Gregory was carrying on her work with JOSEPH, she recalled he made three or four trips to New York City from Washington. Upon his arrival in New York, he would telephone her at her Barrow Street residence, and she would usually make some arrangement for entertaining him. Informant would take him to the theater or dinner and in the event she was busy would see him before his departure and arrange to pay him for his hotel bill and incidental expenses he had incurred during his visit.

It is to be recalled in December, 1944, Gregory had two meetings with the unidentified subject JACK at which time the latter advised informant should break off relations with contacts in Washington, D. C. Informant was instructed to advise these people who had been furnishing her information that she was going to the hospital and someone else would secure that information from them. One of these individuals to whom informant gave these instructions was JOSEPH.

Gregory has also advised from March, 1943, until December, 1944, JOSEPH was having marital difficulties because of his wife's infatuation with a musician. Consequently JOSEPH and his wife separated.

Results of Investigation

It is to be observed JOSEPH has been out of the continental limits of the U. S. during most of the time in the past two years. He was in Washington, D. C., for a brief time in June, 1946, and also for a short period in January, 1947.

The files of the Bureau reveal on November 18, 1942, one J. JOSEPH of the Planning Division of the War Manpower Commission was a speaker at the first session of a forum sponsored by the "Science and Society Magazine." Among other speakers at this session was EARL BROWDER. The 1942 winter issue of "Science and Society," which is said to be a Marxist publication, contained the speech delivered by JOSEPH at this forum. This speech also received favorable comment in the Daily Worker newspaper dated February 1, 1943.

The files of the Dies Committee reflect one JULIUS JOSEPH, 143 West End Avenue, Manhattan, was a signer of the 1940 Communist Party nominating petition in the city of New York. It also reflects one JULIUS J. JOSEPH was a Daily Worker correspondent in Brooklyn, New York, as of December 9, 1936. It is to be observed, however, there is no information that definitely identifies these individuals with subject.

A surveillance conducted on July 1, 1946, reflected JOSEPH was residing with PHILIP and LILLIAN DUNAWAY at Forest Glen, Maryland. The DUNAWAYS are contacts of numerous known and suspected communists and are suspected communists themselves. ✓

JOE JOSEPH was also observed on July 1, 1946, to visit apartment 305, 2531 Q Street, N. W., Washington, D. C. This apartment is occupied by JEANNETTE GILLERMAN and MARIAN AINSLEE. Both of these individuals have been contacts of known and suspected communists.

On July 16, 1946, a surveillance was conducted on JOSEPH, and he was observed to enter an apartment located at 1851 Columbia Road, N. W.,

98 10

believed to be that of JUST LUNNING. This individual likewise is a known contact of communists and is suspected of being a communist.

A surveillance on July 17, 1946, reflected JOSEPH is acquainted with MAURICE and EDITH HALPERIN. MAURICE HALPERIN has been reported by informant Gregory as having engaged in similar activities as JOSEPH.

The surveillance on July 17, 1946, indicated JOSEPH visited the law office of ALLAN ROSENBERG on Jackson Place, N. W. ROSENBERG is a subject of investigation of espionage activity also.

A surveillance on July 21, 1946, reflected JOSEPH visited in the home of DAVID R. WAHL, 3 Lexington Street, Kensington, Maryland. The latter has been accused of engaging in espionage endeavor during 1940 and 1941 by confidential informant Pepsi.

A highly confidential source known to Special Agents COURTLAND J. JONES and L. W. R. OBERNDORF has advised on January 27, 1947, DAVID R. WAHL, MARY JANE KEENEY, and JOSEPH visited in the home of PHILIP DUNAWAY, Forest Glen, Maryland. On this date MARY JANE KEENEY propounded a question to JOSEPH regarding the squatter movement of communists in London, England, during the fall of 1946. It is to be recalled at this time a number of communist families trespassing in apartment buildings refused to move. According to the confidential source JOSEPH elaborated on this question and advised although the incident was begun spontaneously, the Communist Party leaders foreseeing its possibilities organized and led the people. JOSEPH spoke at great length describing the reaction of the British government, the street scenes, and the reaction of the people and police.

The following investigation was conducted by Special Agent (A) James J. Mahoney and the writer.

On December 22, 1947 ABRAHAM GEORGE SILVERMAN was interviewed at his offices on the sixth floor of GERRACH'S, INC., Union Square, in connection with another Bureau investigation, and on that occasion he was asked if he was then willing to make a full disclosure of his activities in connection with the subjects of instant case, NATHAN GREGORY and HELEN GREGORY, and others involved in instant matter. Although during the questioning in connection with the other investigation Mr. SILVERMAN had been friendly and apparently cooperative, his attitude changed completely

when this matter was broached; he expressed some indignation at the fact that the espionage matter was again being brought up and declared that he would not answer any questions or make any comments whatsoever concerning it without the benefit of further consultation with his attorney, ISRAEL OSEAS.

It will be noted that this latter individual has represented SILVERMAN in conferences with Assistant Attorney General T. Vincent Quinn and Special Assistant to the Attorney General T. J. Donegan.

SILVERMAN refused to say whether he had had any conversations with any of his former associates in Washington who are involved in the instant case and repeated questioning of him elicited only flat refusal to answer or offer any comment whatsoever. He was requested to notify this office after consultation with his attorney, but equivocated on this proposition and would not agree definitely to communicate with this office.

Although we have not yet had any trouble with Informant Gregory, there appears to be little doubt but that she will probably become difficult to handle after the grand jury proceedings terminate. You will note from the attached letter she has inquired about obtaining a position with CIA and about writing a book.

If you approve, I will show the attached letter to Vincent Quinn at this time because ultimately we will probably be seeking his aid and counsel in trying to keep her from capitalizing upon her relationship with the Bureau in an informant capacity.

Re: Tolson, 2/1/48
20 JAN 1948
V. G. ... 1-6-48

DETAILS: AT WASHINGTON, D. C.

This is a joint report of Special Agent COURTLAND J. JONES and the writer.

SOLOMON ADLER was interviewed by Special Agents COURTLAND J. JONES and LAMBERT G. ZANDER on December 19, 1947, in his office at the Treasury Building. The interview began at 1:58 p.m. and ended at 3:10 p.m. ADLER was advised the interview was being conducted at the request of the Attorney General's office, and that agents were present to afford him an opportunity to confirm or deny certain allegations that had been made with reference to him. ADLER expressed a desire to cooperate.

He stated he is temporarily residing at Hotel Washington while in Washington, D. C., and expects to remain until the middle of January or the first of February, 1948, at which time he will return to Nanking, China, and resume his position as Treasury attache to the U. S. Embassy there. He also confirmed his past employment and background information which has been previously reported herein.

ADLER stated he became acquainted with LAUCHLIN CURRIE in approximately 1936 at which time the former visited in Washington, D. C. At that time CURRIE was employed by the Federal Reserve Board and they had conferences regarding monetary matters. ADLER had heard of CURRIE in England and had had the opportunity to read several books written by CURRIE prior to their meeting, and that he admired his ability as a financier. The contacts between ADLER and CURRIE ripened into a friendship and they continued seeing each other periodically on a professional basis.

Investigation has reflected subject was acquainted with NORTON LONG. ADLER advised when questioned he had met LONG through a mutual interest in chess. Their association has been limited to this matter.

ADLER stated his acquaintance with HARRY MAGDOFF began in Philadelphia during 1936. Their meetings were of a business nature due to their mutual interest as co-employees of the National Resources Administration under the direction of the Works Progress Administration. Subsequently, MAGDOFF and ADLER moved to Washington, D. C., where they met infrequently. Their meetings in Washington were casual and were of a purely social nature. ADLER failed to recall he had ever furnished any information regarding his work to HARRY MAGDOFF.

In regard to GEORGE SILVERMAN, ADLER stated he met him in 1933 at Washington, D. C., when each of them lunched at Brookings Institute. They had a mutual interest in economic problems and would often have lunch together and discuss such matters. ADLER stated after 1933 he did not see

SILVERMAN until the Christmas holiday season in 1935. The next meeting was sometime later. ADLER recalled visiting the SILVERMANS when ADLER returned from China in 1946. He described SILVERMAN as being intellectually brilliant stating he has one of the best minds of any individual with whom he is acquainted. ADLER was asked if he had ever discussed his employment with GEORGE SILVERMAN and he answered in the affirmative qualifying it by stating it was possible he might have discussed the details and nature of his work with him due to their common interest in the field of finance. He was asked if he believed he could have discussed a specific problem in detail with SILVERMAN to which he replied it was possible.

ADLER stated he became acquainted with ~~SON~~ LISCHINSKY during 1935 in China. Their acquaintance stemmed from a mutual interest in economics and finances, and they became good personal friends. ADLER could have discussed his work and assignments in the Treasury Department with LISCHINSKY but if so it would have been to a very limited degree.

ADLER admitted he was well acquainted with HAROLD GLASSER due to the fact that HAROLD GLASSER as director of the Division of Monetary Research was at one time one of his immediate superiors. ADLER, in answer to the question how he was originally employed by the Treasury Department, replied in 1936 he came to Washington, D. C., to see a friend LAWRENCE SELTZER who was employed at the Library of Congress. At that time ADLER expressed a desire to enter into the government service and was referred by SELTZER to HARRY DEXTER WHITE. ADLER was interviewed by WHITE at great length, submitted an application, and was hired.

In regard to FRANK COE, ADLER stated his acquaintance stemmed from their employment and to the fact that COE was one of his superiors.

IRVING KAPLAN and ADLER became acquainted at the same place as KAPLAN and MAGDOFF; that is, at the National Research Project at Philadelphia. This acquaintance has been of a casual nature.

Investigation has shown ADLER met Lieutenant Commander HAROLD W. JACOBSON on a surveillance in Washington, D. C., during 1946. ADLER said he became acquainted with JACOBSON in Chungking, China, and has been acquainted with him purely on a professional basis. JACOBSON at that time was with ONI and ADLER further remarked he had conferred with Lieutenant Commander JACOBSON on December 19, 1947, at the latter's request at the offices of Central Intelligence Agency.

Investigation also developed that ADLER was a close associate of LAUREN CASSADY who, it is to be noted, was also a close associate of GREGORY and HELEN SILVERMASTER. ADLER said he became acquainted with CASSADY due to the latter's employment as assistant Treasury attache in

Shanghai, China. He met him first in 1941 and again saw him at the Bretton Woods Conference. The next meeting occurred in 1945 at which time ADLER returned to Washington to be married. Thereafter CASSADY became ADLER's assistant and is presently occupying such position. In regard to CASSADY's loyalty, ADLER stated he had no question concerning the father's loyalty to this government. ADLER was unable to furnish any information as to the degree of relationship or friendship between the SILVERMASTERS and CASSADY except he believed their friendship dates back to California where they first became acquainted.

ADLER became acquainted with NATHAN GREGORY SILVERMASTER and HELEN SILVERMASTER in 1938 or 1939. This meeting was made possible through WILLIAM LUDWIG ULLMANN who was a co-employee at the Treasury Department. ULLMANN invited ADLER for dinner at the SILVERMASTER home, and he frequently was a guest at the SILVERMASTER residence to such extent these meetings averaged once a month until 1945, at which time his marriage precluded social activities. ADLER denied he ever corresponded with the SILVERMASTERS or with ULLMANN while in China or that he had directed any correspondence of an official nature to them either directly or indirectly through channels available to him.

He denied he ever discussed the details of his assignments or employment with the SILVERMASTERS and indicated further although SILVERMASTER was considered in certain channels as a great intellectual he personally did not hold such high regard for his ability. He failed to recall whether the SILVERMASTERS had ever questioned him with regard to his assignments in China and believes his conversations with the SILVERMASTERS were wholly on a social plane. ADLER stated the SILVERMASTERS, both HELEN and GREGORY, were very pro-Russian in their attitude but he was not in a position to make any statement as to their loyalty to this government.

It may be noted at this point, while during the entire interview ADLER was fully composed and had an available answer to any direct question, ADLER became visibly concerned but further questioning failed to indicate the reason for his concern, and he shortly thereafter regained his complete composure.

ADLER stated he is acquainted with NATHAN WITT, CHARLES KRAMER, and JOHN ABT, but his acquaintance had been confined to Washington, D. C., and was of a purely social nature, and he does not recall ever having met them anywhere but in Washington, D. C. ADLER further denied acquaintance with J. PETERS and said he had never heard of him.

A surveillance maintained on ADLER in 1946 showed he was present at a gathering at which ALLAN ROSENBERG was present. When asked if he was acquainted with ROSENBERG, ADLER replied in the negative stating he does not recall ever having met any individual by that name.

57

AIDER was questioned regarding the methods by which he made his reports to his superiors and by which he reported official information from China. He advised all such information was furnished with Embassy mail to the Treasury Department in a sealed envelope marked to the Attention of the U. S. Treasurer in which envelope were various reports to the different department heads within the Treasury Department. Each separate envelope was addressed to the individual for whom such information would be designated, such as HARRY D. WHITE, FRANK COE, and HAROLD GLASSER, but indicated most of his correspondence was directly addressed to HARRY D. WHITE in the manner described.

AIDER denied furnishing any restricted or classified information or forwarding any official documents to any unauthorized individual at any time.

When specifically questioned, he stated he is not a member of the Communist Party nor has he ever been a member of the Party. As far as he knows, he is not acquainted with any member of the Communist Party or anyone who might be a member of the Party. He said further he had never contributed any money to the Communist Party nor to any organization that might be construed as being dominated by the Communist Party.

A news release issued by the Department of Justice on December 9, 1947, listed the names of individuals who registered during November 1947 under the provisions of the Foreign Agents Registration Act of 1938 as amended which applies to representatives in this country of foreign principals. Among those listed was the name of Harry B. White, 334 West 86th Street, New York City, who registered as economic and financial consultant to the Bank of Mexico on problems relating chiefly to monetary credit and balance of payments developments.

This person is undoubtedly identical with Harry Dexter White, a Subject in this case, who, it is known, resides at the above address.

According to information received from the New York Office by teletype dated October 21, 1947, Anne Terry White corresponded with Mr. John F. X. McGohay, United States Attorney for the Southern District of New York on October 12, 1947, and advised that her husband, Harry White, was ill from a heart attack.

Enclosed with this letter was a statement from Eugene Feldes, MD., 698 Park Avenue, New York City, which stated that White suffered from a heart attack on September 6, 1947, and as a result it was necessary that he observe a period of six months rest, and further that he must spend the winter months in the south. It further stated that any physical or emotional strain to which he may be exposed before he is completely recovered would seriously endanger his life. *b3 file (42)*

The Washington Field Office should immediately review the statement filed by White with the Foreign Agents Registration Section of the Department for all information appearing therein, and thereafter immediately furnish such information to the New York Office.

The New York Office should thereafter make full information concerning White's registration available to Messrs T. Vincent Quinn and T. J. Donegan of the Department who are handling the Grand Jury in connection with this case, in order that they may consider calling White before the Grand Jury.

to the Grand Jury, developed the information that they hoped to have available by January 20, 1948 those subjects who have not yet appeared before the Grand Jury; no specific persons were named but it is felt that they have in mind subjects such as SOLOMON ADLER, last reported to be in China for the United States Treasury Department, JOSEPH GREGG, DONALD N. WHEELER, and possibly MICHAEL GREENBERG and BERNARD REDMONT. No specific request bearing on the possible appearance of the above-listed individuals has been received at this time from Messrs. By letter dated May 2, 1947 the New York Office was requested to furnish available information on "The Propaganda Battlefront," 157 East 57 Street, New York City. [REDACTED]

Inquiry reflected that The Propaganda Battlefront is located in the same office as the American League for Democracy at 157 East 57 Street. Through the New York indices it was indicated that the American League for Democracy is an organization headed by Mr. LEON M. BIRKHEAD, who is national director of this organization which was designed to combat Communism and Nazism in the early stages of World War II. It was noted in the file that Mr. BIRKHEAD has been interviewed by agents of the New York Office on many occasions regarding information he had in his possession concerning the activities of "Christian Front," which was under extensive investigation by the Bureau in 1941.

The superintendent at 157 East 57 Street during the course of an interview advised that he was not particularly acquainted with activities concerning the Propaganda Battlefront, but from what information he has obtained, he stated that it was an organization devoted to combating Communist propaganda and Russian influences permeating the United States at the present time. It was stated that their main aim is to publish anti-Communist publicity and counteract it with democratic publicity, which policies were determined by the offices at 157 East 57 Street, in which BIRKHEAD is alleged to have considerable interest at the present time.

By letter dated August 31, 1947 the Washington Field Office requested the New York Office to ascertain the identity and furnish available background information concerning IRVING KLEIN of 50 Court Street, Brooklyn, New York.

Investigation at New York ascertained that IRVING KLEIN resides at 2776 East 16 Street, and is a practicing attorney at 50 Court Street. KLEIN is a lawyer at the above address with a large firm of attorneys and is directly employed by a Mr. KAPLAN. The records at the Supreme Court, Appellate Division, Brooklyn, reflected that KLEIN was admitted to the Bar June 29, 1938 following his graduation from Brooklyn Law School, 375 Pearl Street, Brooklyn, where he attended from February 1936 to May 1938. His undergraduate work was done at C.C.N.Y. from September 1931 to January 1936, where he received a BSS Degree.

He was born on December 24, 1914 at 408 East 6th Street, Manhattan, the son of PAUL and HENRI ROTHEARD. His parents were born in Austria, and his father conducts a grocery business. The records at the Supreme Court indicated in KLEIN's application that during his attendance at high school and college he worked as a grocery and dairy clerk for his parents and his sister, LILLIAN. References were listed by KLEIN as (1) CLIFFORD LEVI, 1725 Emmons Avenue, Bronx; (2) Mrs. MINNIE GLINDER, 1725 Emmons Avenue, Bronx; and Dr. MAC GHLBAUM, 2501 Davidson Avenue, Bronx. Other references were given by KLEIN as MAX M. TURSHEN, attorney at 66 Court Street; HERMAN GOLDSTEIN, 2107 Avenue W, Brooklyn, a printer and stationer; HARRY RAAB, 75-32 - 67th Road, Mill Village, Queens, cigar store operator, 1 Cleveland Street, Brooklyn, New York. The last reference was listed as ELIAS SPITZHART, 735 B.W. 166th Street, Bronx, New York, a wholesale butter and egg man of 141 Reade Street, New York City.

The consensus of statements made by all the above-listed references indicated that KLEIN was a man of good character and recommended highly to the Supreme Court that he be allowed to practice law.

Residences listed by KLEIN in addition to his present address were: 2776 East 16 Street, Sheepshead Bay; 1630 Bay Court, Sheepshead Bay; and 1618 Bay Court, Sheepshead Bay.

The records of the Credit Bureau of Greater New York and the Police Department, in addition to the indices of the New York Office, were checked with negative results.

On March 31, 1947 the Washington Field Office requested background information concerning Mrs. MAURICE FIRESTONE, 508 West End Avenue, New York City.

An inquiry reflects that, according to SIDNEY GREENSPAN, owner of 508 West End Avenue, Mrs. FIRESTONE and her husband have been residing at that address for several months prior to the time he purchased 508 West End Avenue in the spring of 1947. He stated that Mrs. FIRESTONE is a calisthenics teacher in a private school in New York and that her husband, MAURICE FIRESTONE, formerly resided in Canada. From the information he developed at the time he assumed the ownership of 508 West End Avenue until October 15 of this year, when the FIRESTONES moved from the above residence, GREENSPAN stated that they were regarded as very good tenants and loyal and patriotic in their observations concerning policy of the U. S. Government.

GREENSPAN stated that MAURICE F. FIRESTONE is employed by the Super Market Merchandising Department at 45 West 45 Street, New York City, where he prepares advertising copy for Super Markets in New York City.

Inquiry at 508 West End Avenue failed to reflect any derogatory information concerning the FIRESTONES.

At the present time the FIRESTONES are residing in the vicinity of 90th and Riverside Drive, New York City.

The indices of the New York Office were checked with negative results, along with the Police Department and the Credit Bureau of Greater New York records.

Miss MARION GURNEY, 1435 Lexington Avenue, stated that Mrs. GREENBERG has resided with her since October 1, 1947 but that she has never seen GREENBERG. She stated GREENBERG intends to remain in Europe and that his wife intends to leave the United States in the immediate future to join her husband in Europe where they intend to maintain a permanent address. Commie Party Member Hops Wallace Wagon

By NELSON FRANK,

World-Telegram Staff Writer.

An important Communist with considerable political campaign experience will become one of the key aids in the third party Presidential race of Henry A. Wallace.

He is John J. Abt, until yesterday counsel for the CIO's Political Action Committee, from which he resigned, and for the Amalgamated Clothing Workers (CIO), from which he obtained a leave of absence.

Announcement of Mr. Abt's retirement from these two posts was made by the union, which stated that he was leaving "in order to be free actively to participate in the campaign of Henry Wallace for President."

Member of Party.

A member of the Communist party from the early days of the New Deal, Mr. Abt, after holding several positions with the government, became attorney for the clothing union. When, under its president, the late Sidney Hillman, the CIO-PAC was set up, he took a like job with it.

During the hot Presidential campaign of 1944, Mr. Abt served as assistant to Mr. Hillman in attempting to organize the nation's workers in support of President Roosevelt.

Linked to WFTU.

Besides these posts, Mr. Abt has been counsel to the American Labor party of this state and also

to the CIO delegations to the World Federation of Trade Unions. Because of the fact that the clothing union has long been in

the forefront of labor organizations opposing Communism and ousting Communists from membership, Mr. Abt has never openly admitted his party ties.

However, it was during the period of his association with Mr. Hillman that the ACW aligned itself with the Communists to capture the American Labor party from the right-wingers previously controlling it. These forces then withdrew to form the Liberal party.

Despite his silence on his Communist party membership, Mr. Wallace's new supporter has consistently expressed the viewpoint of the Communists within CIO circles.

Family Franker.

Both his wife and sister have been much freer in their attitude towards Communists. Both have been actively engaged in running Communist fronts for many years.

Mrs. Abt uses the name Jessica Smith as editor of the Communist magazine Soviet Russia Today. This publication is one of the

John J. Abt.

Soviet Russia Today has argued for and justified every 1 and turn in Soviet policy, if the execution of the leaders of Russian revolution to the sign of the Soviet pact with Hitler.

Mr. Abt's sister, who uses name Marion Bachrach, currently has her office on the top floor Communist party headquarters, E. 12th St., where she is national organizer of the Eugene DeLoe Defense Committee. This front set up to aid Mr. DeLoe, the national secretary of party, who is appealing a year prison sentence for contempt of Congress.

Pan-American Group.

Prior to holding this job, Bachrach was secretary of Council for Pan-American Democracy, a Communist front headed by Frederick W. Field. Field is former secretary of American Peace Mobilization, agency which sabotaged American defense program and picketed White House until the day it was invaded.

While the Communist party spearheaded the Wallace candidacy, no known Communists heretofore been openly connected with the Wallace campaign.

Reference is made to the Bureau letter dated December 31, 1947, requesting review of the registration statement filed by subject WHITE with the Foreign Agents Registration Section of the Department of Justice.

Examination was made of registration as agent of a foreign principal in room 6239, Department of Justice. The registration statement and accompanying exhibits were filed November 18, 1947, and reflect execution in the handwriting of WHITE for the most part. The documents were sworn to November 12, 1947, at New York City, before REBECCA L. SOCCLOW, notary public. WHITE gave his address as 334 West 86th Street, New York, and indicated he was born October 29, 1892, at Boston.

In the registration statement, WHITE described his present business occupation as Economic and Financial Consultant. (In Exhibit B, he submitted a signed declaration that he is acting as consultant to the Bank of Mexico under an oral agreement and for the time being is to receive payment at the rate of \$18,000 per year.)

DEFERRED RECORDING

WHITE indicated that the Bank of Mexico, Mexico, D. F., is his foreign principal. He described the nature and purpose of his agency as "occasional consultant to the Bank of Mexico on economic problems; chiefly those relating to monetary credit and balance of payment developments". He indicated he had no employees for or in the interest of this principal.

WHITE listed the following receipts and expenditures:

7-27-47 - traveling and hotel expenses	\$684.00
About 8-20-47 - consultation	1500.00
9-17-47 - consultation	1500.00

Re: GREGORY (HARRY DEXTER WHITE)
January 7, 1948

In response to the question concerning foreign visits during the past five years, WHITE stated he had made a trip to Mexico, departing from Laredo, Texas July 10, 1947 and returning through same port of entry, August 1, 1947, the purpose of this visit being to conduct exploratory discussions with the Bank of Mexico regarding foreign exchange and balance of payment problems. He added that prior to April, 1947, he visited about 15 other foreign countries in line of duty as an official of the United States government and the International Monetary Fund.

WHITE stated he had made no lectures, talks, or broadcasts. He listed as publications prepared or distributed within the past six months, a single article entitled, "The IMF" (International Monetary Fund). The IMF sets exchange rates published in the September issue of "Dunn's Review", published by Dunn & Bradstreet, and sold for 35¢ per copy. A copy of this issue appeared as an exhibit with WHITE's statement. Examination of the article indicated it consists of approximately five pages beginning at page 14 and appeared to be a professional article justifying the actions of IMF. WHITE stated he made no distribution of this article other than that made in the usual course of distribution by the above well known financial magazine.

Exhibit C filed by WHITE described his principal as a corporation engaged in banking and note issuing subject to the control of the Mexican government via legislation and the appointment of some of the directors and officials and on a number of matters of policy and operation. He stated he did not believe the Bank of Mexico receives direct subsidy from the Mexican government but it holds government deposits and has a monopoly of note issue. WHITE did not list the directors as requested in the form but stated they were numerous and made reference to the publication of the annual statement by the Bank, which he stated is available and obtainable, if desired.

WHITE's file in the office of the Foreign Agents Registration Section contained a very recent letter from WHITE dated January 2, 1948, requesting a copy of the Foreign Agents Registration Act of 1938, as Amended. This letter gave WHITE's present address as 316 Fourth Avenue North, St. Petersburg, Florida.

Nothing in the file reflected any physical activity on the part of WHITE or any trips made by him other than the visit to Mexico above made in July, 1947.

PERSONAL AND CONFIDENTIAL

RECORDED

65-56402-3148

3126/KP
1-1-48

Reference is made to my memorandum to you dated December 22, 1947. Further reference is made to your memorandum dated December 22, 1947, in which you requested this Bureau to conduct a complete investigation in an effort to determine if there is a Grand Jury leak in connection with the evidence being presented to the New York Federal Grand Jury in this case.

Prior to conducting any investigation or inquiry, a conference was held between United States Attorney Francis I. McGohey, Southern District of New York, Federal Judge John C. Knox, Special Agent in Charge Edward Scheidt and Assistant Special Agent in Charge A. H. Belmont of the New York Office of this Bureau on January 5, 1948. Judge Knox was definitely advised that the proposed inquiry into the Grand Jury leak was not to be directed toward the Grand Jury as such or any member thereof but it was to be a discreet investigation in an effort to determine the source of a possible leak which might conceivably turn out to be a member of the Grand Jury.

Judge Knox advised that he would not approve of any investigation of the Grand Jury or a member thereof as such. He pointed out that any questioning of a Grand Juror or the activities of the Grand Jury or even inquiring into contacts or visitors of Grand Jurors would be construed as an investigation of the Grand Jury. The Judge pointed out that any inquiry by the Federal Bureau of Investigation to determine a possible leak, even though the inquiry was most discreet, could readily come to the attention of the Grand Jury and as a result be interpreted by them as an investigation of the Grand Jury.

Judge Knox stated that in his opinion the United States Supreme Court would hold any indictment returned by the Grand Jury as null and void if the Grand Jury had notice, even indirectly, of any investigation being conducted which might in any way implicate a Grand Jury member. Judge Knox stated that in his opinion such an investigation, if it became known to the public or to the press, could result in a scandal from coast to coast.

He was of the further opinion that should witnesses who appeared before the Grand Jury be questioned concerning a possible leak, such questioning might get back to the Grand Jury and be misinterpreted; further that such questioning might be embarrassing to the Government since any of these witnesses might be called back before the Grand Jury at a future date and questioning along such lines might be interpreted as an attempt to intimidate or influence the witnesses. Judge Knox further pointed out the danger that could result from such an investigation being conducted without the knowledge of the Grand Jury. He stated that the investigation could be misinterpreted by unscrupulous persons.

individuals who are already antagonistic toward the matter under consideration by the Grand Jury as "Fascist" tendencies on the part of the Government by attempting to force through the desired reaction from the Grand Jury.

In conclusion, the Judge indicated that it would perhaps be desirable to take the Grand Jury into the confidence of the Department in any investigation of an alleged leak. He said that in this manner there would be no misunderstanding on the part of the Grand Jury and, in fact, through the cooperation of members of the Grand Jury, information of value might be secured.

In view of the attitude displayed by Judge Knox in this matter, no inquiry or investigation is being conducted by this Bureau unless further instructions are received from the Department.

ASAC Belmont of New York telephonically contacted me today with reference to Bureau letter of December 23, 1947, instructing the New York Office, with the U. S. Attorney, confer with the Federal Judge concerning the contemplated investigation relative to a leak in the Grand Jury in this case.

Mr. Belmont advised that U. S. Attorney McGohey and he had talked to Federal Judge Knox today and outlined generally the request of the Department for an inquiry concerning this leak. Mr. Belmont stated they pointed out to Judge Knox that there was no investigation contemplated of the Grand Jury as such.

Judge Knox stated that he would not approve any check of the Grand Jury as such, that he would not approve of any interviews of the Grand Jurors nor approve any checking or watching of their homes to see what visitors they might have. He stated that any investigation of the Grand Jury, even in an indirect manner, might develop into a national scandal and if indictments were returned and knowledge of an inquiry reached the Grand Jury the indictments would be null and void. Judge Knox stated that he believed it undesirable to make any inquiry without approval of the Grand Jurors themselves.

Mr. Belmont stated that U. S. Attorney McGohey advised it might be desirable to go before the Grand Jury and seek their cooperation and obtain their approval concerning this matter.

I instructed Mr. Belmont to take no further action in connection with this request and that he should submit the results of his conference with the Federal Judge to the Bureau, at which time the information would be transmitted to the Criminal Division for further advice.

Dear Sir:

Reference is made to the Bureau letter of December 23rd, 1947, instructing that prior to an investigation to determine the origin of a possible leak in the Grand Jury or someone connected with the office of the United States Attorney in New York City, the matter be taken up with the United States Attorney and through him with the Federal judge to secure his approval.

As mentioned telephonically to Assistant Director Ladd on January 5th, this matter was discussed with United States Attorney McGOHEY, Southern District of New York, by SAC Scheidt. However, Judge KNOX, the senior judge in the Southern District of New York, was ill and it was not until January 5th that it was possible to take the matter up with him.

On that date, Mr. McGOHEY, SAC Scheidt and ASAC Belmont discussed the proposed discreet inquiry with Judge KNOX. At this time Judge KNOX was definitely advised that the proposed inquiry was not to be directed toward the Grand Jury as such or any member thereof, but rather was to be a discreet inquiry to determine the source of a possible leak which might conceivably turn out to be a member of the Grand Jury.

Judge KNOX advised that he would not approve any investigation of the Grand Jury or a member of the Grand Jury as such. He pointed out that any questioning of a Grand Juror or the activities of the Grand Jury or even inquiring into contacts or visitors of Grand Jurors would be construed as an investigation of the Grand Jury. He pointed out that any inquiry by us to determine a possible leak, even though the inquiry was very discreet, could readily come to the ears of the Grand Jury and be interpreted by them as an investigation of the jury itself.

RECORDED 65-56402-3055

He advised that in his opinion the Supreme Court would hold any indictment returned by this Grand Jury as null and void if the Grand Jury had notice,

even indirectly, of any investigation being conducted which might in any way implicate a Grand Jury member. As he put it, such an investigation, if it became known to the public or the press, could result in a scandal from coast to coast.

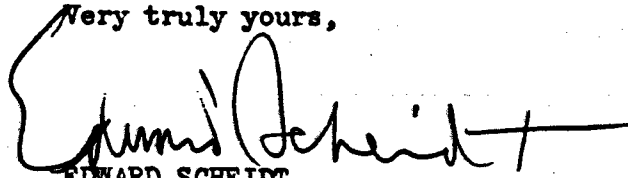

Judge KNOX further was of the opinion that should witnesses who appeared before the Grand Jury be questioned concerning a possible leak, this might get back to the Grand Jury and be misinterpreted; further, that this might place the Government in a bad light as any of these witnesses might be called back before the Grand Jury at a future date and questioning along this line might be interpreted as an attempt to intimidate or influence the witnesses.

Judge KNOX further pointed out the danger that such an investigation, particularly without the knowledge of the Grand Jury, could be misinterpreted by unscrupulous individuals, already antagonistic to the matter under consideration by the Grand Jury, as "Fascist" tendencies on the part of the Government by attempting to force through the desired reaction from the Grand Jury.

Judge KNOX indicated that it would perhaps be desirable to take the Grand Jury itself into the confidence of the Department in any investigation of an alleged leak. In this manner there would be no misunderstanding on the part of the Grand Jury and in fact, through the cooperation of members of the Grand Jury information of value might be secured.

In accordance with instructions received from Mr. Ladd on January 5th, no further action is being taken by this office pending Bureau instructions.

Very truly yours,

EDWARD SCHEIDT,
SAC

BELA GOLD; SONIA S. GOLD

Relet Washington Field to Bureau, 12/12/47, and Bulet to Pittsburgh, 1/7/48, entitled BELA GOLD; SONIA S. GOLD, Security Matter - C.

The Washington Field letter does not state that all serials in the Washington Field Office containing pertinent information concerning BELA GOLD and SONIA S. GOLD have been furnished the Pittsburgh Office.

Although the Bureau letter refers to "a security index card" having been prepared at the Bureau and states that it is expected that "a similar security index card" will be prepared in Pittsburgh, it is believed that a separate security index card should be prepared on each of these individuals.

In view of the fact that security index cards were maintained by the Washington Field Office concerning BELA GOLD and SONIA S. GOLD, the Washington Field Office is requested to submit form letters FD-128 on each of these individuals in accordance with current Bureau instructions, in order that the Bureau and Pittsburgh Office records may be alike.

For the additional information of the Washington Field Office in preparing form letters FD-128, the employment of BELA GOLD as Assistant Professor in the School of Business Administration and the Bureau of Business Research, University of Pittsburgh, Fifth Avenue and Bigelow Boulevard, Pittsburgh, Pa., has been verified and SONIA S. GOLD is unemployed. Their address is 2404 Wenzell Avenue, Pittsburgh 16, Pa., not 2040 as stated in referenced Washington Field letter.

It is assumed that the Washington Field Office, in stating that it will remain office of origin in this case, is referring to the GREGORY CASE, and that the Bureau, in approving that suggestion, is also referring to the GREGORY CASE. It is further assumed that since BELA GOLD and SONIA S. GOLD now reside in Pittsburgh, the Pittsburgh Office should become office of origin in cases concerning them.

Additional information regarding the activities of JOHN WEBER in the Hollywood area is contained in the May 27, 1947 issue of the "Hollywood Reporter," in which are given details of the formation of a Hollywood Chapter of "Contemporary Writers," a group which, according to the "Daily Worker," is an organization of "Marxist and anti-Fascist writers". In this article there was given further information about the Hollywood Group which had held a meeting of some eighty "alleged writers" the preceding Sunday night. According to the "Hollywood Reporter," "CHARLES GLENN, who acted as the chairman of the meeting, said that the local chapter is being sponsored by a group of writers including JOHN HOWARD LAWSON and ALBERT WALTZ." This article further stated that GLENN told the meeting that "it is possible now to get anti-Fascist views published in popular and slick paper magazines. The same is true of the motion picture business".

JOHN WEBER of the William Morris Agency said, according to this article, which continued, that one of the objectives of the

group would be the marketing of the writing efforts of its members by a committee.

It will be noted that CHARLES GLENN, JOHN HOWARD LAWSON and ALBERT MALTZ are all active Communist Party members in the Hollywood area, as is WEBER.

[REDACTED] the files of this office reflect that MIRIAM GEIGER's name was contained in the personal effects of GEORGE HENRI ANTON IVENS in 1945, at which time IVENS was the subject of a security investigation by this office. The residence address for Miss GEIGER is 3527 West Adams Boulevard, Los Angeles. b2 b7D

The following investigation was conducted by Special Agent PENNEL V. ROBE, regarding individuals whose names were contained in the referenced reports:

Mr. JOHN ASHJAN, Fresno County Probation Officer, who is well known in the vicinity of Fresno, advised he is acquainted with Mrs. CHESLEY SAROYAN, whose father-in-law is ARAM SAROYAN. The father of Mrs. CHESLEY SAROYAN is a Jewish Rabbi residing in San Francisco, name unknown. He has never heard anything derogatory concerning her, but states she is residing in San Francisco, and through sources known to Mr. ASHJAN she has never resided in Fresno. ARAM SAROYAN resides at 3115 North Van Ness Avenue in Fresno and is considered to be a good American citizen. He is an attorney in Fresno, as well as being engaged in the fruit business as a buyer, shipper and grower of fresh and dried fruits. He has always been a civic leader and headed the War Bond Drive in Fresno for two years, during which time he sold over two million dollars worth of War Bonds to the Armenian group in this area. ASHJAN considered him loyal to this country, but he is also active among the Armenian group.

Mr. JOHN A. WILLEY, former Special Agent, practicing law in Fresno, stated ARAM SAROYAN was a well known figure in Fresno and bore an excellent reputation in the community. He is not very active in the practice of law and devotes most of his time to the fruit industry. He is very active among the Armenian group, but is considered to be a loyal American.

NICK F. ZENOVICH resides at 394 Effie Street, Fresno, California. Mr. JOHN ASHJAN is also acquainted with ZENOVICH. He is approximately sixty years of age and has been a resident of Fresno for many years. ASHJAN knew of nothing derogatory concerning him. He stated ZENOVICH had been

a small restaurant operator in Fresno for many years.

The records of the Fresno County Sheriff's Office and Fresno Police Department were checked with negative results. The records of the Merchants Credit Association reflected ZENOVICH has operated the Old Forum Cafe and the Majestic Cafe. He has a brother, MARCO Z. ZENOVICH. He also operated a cafe at 1923 Tuolumne. He presently operates the Bower Lunch. He has always had a good reputation for honesty and has a good credit rating. He has resided in Fresno since 1920.

Mr. MARTIN FRANKIAN, 345 Effie, who is a personal friend of JOHN ASHJAN, advised he had resided in the same neighborhood with ZENOVICH for many years and knew of nothing derogatory concerning him. He verified the information set out above and advised he had never heard him make any statement which would indicate he was in sympathy with any foreign government or foreign ideology. It was said that ZENOVICH had considered retiring from the restaurant business, but to date has not done so. He considered ZENOVICH to be a good American.

GEORGE SKLENDER resides at Route 10, Box 212, Fresno, California, which is near the small community of Kerman, California. Records at the Merchants Credit Association reflect he has resided in the Kerman community for many years, being engaged in the farming of grapes. He formerly owned his own ranch, but is now renting land, having lost his ranch approximately twelve years ago. For a period of time he was not considered a good credit risk. However, his credit is now satisfactory. He has a large family of girls. His wife's name is MEDICA SKLENDER. His daughters are named VIOLET, EVA, STELLA and MARY SKLENDER.

Mr. F. C. SCHRIEBER, Superintendent of Mails, Fresno Post Office, advised he was acquainted with the family and the daughter, ELLEN SKLENDER, formerly worked as a clerk in the Post Office. Her name is now ELLEN SARGENTICH. She resigned from the Post Office in December 1943 when she was married. She was a good worker and Mr. SCHRIEBER considered her to be a loyal American.

Mrs. GEORGE MIGUEL, Route 10, Box 211, a friend of Mr. SCHRIEBER and neighbor of GEORGE SKLENDER, stated they were very good neighbors. They are friendly and have never caused any trouble in the neighborhood. They are of Yugoslavian extraction and all their associates and friends are of the same nationality. They attend the Yugoslavian Church in Kerman. Two of the daughters are married, one residing in Los Angeles, and the other residing in San Francisco. Mrs. MIGUEL did not know their married names. She knew of nothing derogatory concerning them and considered them to be loyal Americans.

AT MADERA, CALIFORNIA

Mr. MARLIN YOUNG, Under-Sheriff, Madera County, stated JOHN VUICH had formerly resided on Route 2, west of Madera, but had moved to Fresno, address unknown. There was no record of VUICH in the Sheriff's Office. He was engaged in truck farming and was unsuccessful in the Madera area.

Mr. EDMUND V. MURPHY, Postmaster, Madera, advised VUICH left a forwarding address on August 24, 1945, to 1533 Shields Avenue, Fresno, California.

The records of the Merchants Credit Association in Fresno reflect that JOHN VUICH had resided in the Fresno area for many years and had been engaged in the farming and trucking business. His wife's name is ALGA (or OLGA) VUICH. They have two small children. In March 1947, VUICH moved to 842 Fortieth Street, Oakland, California, where he is residing at the present time. He is a potato and onion distributor in Oakland. VUICH has declined to make any financial statement to the credit association. However, his credit is considered satisfactory.

Mrs. A. E. JOHNSON, 1543 Shields, whose husband is manager of the American News in Fresno and considered reliable, advised they had resided next door to VUICH from the time he moved to Shields Avenue until the VUICH family moved to Oakland. She considered them to be good neighbors and loyal Americans. They have one child, age 5, and another age 2. He is presently engaged in the trucking of potatoes and onions out of Oakland and makes frequent trips to Fresno to pick up produce. Their associates are people engaged in the farming business. They appear to be devoted to their children, and VUICH always thinks of the welfare of his children. Mrs. JOHNSON knew of nothing derogatory concerning them.

The records of the Fresno County Sheriff's Office, and the Fresno Police Department were checked with negative results.

A lead for the Los Angeles Office contained in report of Special Agent ALDRICH dated at Los Angeles, August 4, 1947, is being disregarded since this lead is no longer considered pertinent to this investigation.

Reference is made to my letter dated July 29 last setting forth information received in this office from LOUIS A. RUSSELL, an investigator for the House Committee on Un-American Activities, concerning the appearance of ELIZABETH T. BENTLEY before that Committee.

This is to advise you of additional information which Mr. RUSSELL volunteered to Special Agent RAPHAEL I. NIXON on July 30, 1948, in this regard.

Concerning the interview of ROBERT STRIPLING, Chief Investigator of the House Committee, with T. VINCENT QUINN and GEORGE MORRIS FAY of the Department, RUSSELL advised that he had learned that QUINN, representing the Attorney General, had requested STRIPLING that if BENTLEY was to be interviewed by the House Committee, as the press had indicated, that the names of the people associated with her in the espionage "ring" not be made public. RUSSELL did not state whether any such assurance was given QUINN by STRIPLING.

With regard to the service of the subpoena by investigators of the House Committee on Un-American Activities on BENTLEY, at which time NELSON FRANK was present, RUSSELL stated that the investigator was named WHEELER and that FRANK, in questioning WHEELER as to how the Committee had learned the identity of BENTLEY, had stated "An FBI Agent must have told you".

No inquiries are being made by this office in these matters, but if additional information of possible interest to the Bureau is received, it will be forwarded to you promptly.

Of possible additional interest to the Bureau, RUSSELL pointed out that with regard to the means of determining the identity of the informant BENTLEY, that the first step as far as the House Committee on Un-American Activities was concerned, developed from the off the record press conference which the Attorney General had held in February of this year. RUSSELL stated that the Attorney General at that time, in identifying the informant, had stated that she was a woman who had lived with a prominent Communist who had subsequently died. RUSSELL stated that when the Committee learned this information they had questioned LOUIS BUDENZ, who immediately identified the prominent Communist as JACOB GOLOS, and was able to recall the Party name of BENTLEY and her first name, ELIZABETH, but was unable to recall her last name. It was RUSSELL'S impression that the newspapermen, other than FREDERICK WOLTMAN and NELSON FRANK, who had a personal knowledge of the informant, had also used this as the initial step in establishing BENTLEY'S identity.
